Design Excellence

The result of a visionary collaboration between Zuccon International Project and interior designer Laura Sessa, MIMTEE reflects a perfect harmony of form and function. Her sleek, flowing lines highlight a dynamic exterior profile, while the interiors are inspired by the serenity of a marine chalet, featuring a soothing palette of sea-inspired tones and refined finishes. Each space has been meticulously crafted to offer comfort, style, and a timeless sense of sophistication. The yacht can comfortably accommodate up to 12 guests and 3-4 extra staff members in 11 cabins. The crew consisting of 24 members would take care of immaculate service on board. In addition, the crew team has been together for more than 10 years, the captain for more than 17 years, insuring smooth operation.
